

Mission Plan

This resource will help you think through your mission idea simply and clearly. It will help you understand what you need to do next, what and who you'll need to do this.

Note: you are not alone in this and doing all the work – you are driving the ideas and next steps

- 1. What do you want to do? What's the vision? Who's the target group?**
- 2. Why? What's your driver/motivation?**
- 3. When will you start? Where?**
- 4. What could success look like? How do you see it happening? What contingencies do you need to make?**
- 5. What do you have? What help do you need? i.e. what people, what advice, what training, what skills/gifts, prayer, what time, what money/resources.**
- 6. How will you follow these up? Do you have some people in mind - are they signed up? What role do you expect the broader church to have - if any?**
- 7. What will be your plan for prayer? What prayer support/rhythms are already in place?**
- 8. How will you share the gospel with them and show them the kingdom (bless, celebrate, rest, play, share meals)?**

NEXT ACTION STEPS

1. Report this back to you Gospel community
2. Raise what you're doing to the wider church
3. Create a WhatsApp/Messenger group and add people
4. Ask some people to help/join you
 - a. Give these people active roles where they feel purpose. They won't necessarily be drawn to the specific mission but they'll want to support you and see the kingdom grow.
